[LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Computer Science undergraduate with hands-on experience in full-stack web development using React.js, Node.js, Express.js, and MongoDB. Built and deployed five web applications, including a live production EdTech platform, through academic projects and two internships. Strong foundation in RESTful API design, authentication, and responsive UI development. Seeking a Software Development Internship to contribute to real-world engineering teams.

EDUCATION

B.Tech in Computer Science and Engineering

Institute of Engineering and Technology, DDU Gorakhpur University | 2023 – 2027 | CGPA: 7.2 / 10

Class 12 (UP Board): 57% | Class 10 (UP Board): 87%

TECHNICAL SKILLS

Languages: Python, Java, JavaScript (ES6+), HTML5, CSS3

Frontend: React.js, Next.js, Tailwind CSS, Bootstrap, Framer Motion

Backend: Node.js, Express.js, RESTful APIs, JWT Authentication

Databases: MongoDB, MySQL, PostgreSQL, SQLite

Tools & Platforms: Git, GitHub, VS Code, Vercel, Postman, antigravity/IDE

Core Concepts: CRUD Operations, Responsive Web Design, Authentication & Authorization, API Integration, Role-Based Access Control

Soft Skills: Problem Solving, Team Collaboration, Communication, Adaptability

PROFESSIONAL EXPERIENCE

Web Development Intern | Uptoskills (Remote)

Nov 2025 – May 2026

- Developed responsive web interfaces using HTML5, CSS3, and JavaScript, improving usability across devices.
- Built and optimized reusable UI components, improving page performance and overall user experience.
- Gained hands-on exposure to frontend architecture, version control workflows, and team-based development practices.

AI-Driven Web Application & Product Development Intern | Lenovo LEAP NextGen Scholar Program — BharatCares, in association with AICTE (Remote)

Jun 2026 – Jul 2026

- Selected for a competitive, AICTE-affiliated virtual internship focused on AI-driven web application and product development.
- Completed structured technical modules, live masterclasses, and mentor-led project sessions to strengthen full-stack and AI-integration skills.
- Built and presented a project in a hackathon-style showcase, applying web development concepts learned during the program.
- Earned joint certification from AICTE, Lenovo, and Skill India on successful completion of all assignments and milestones.

PROJECTS

Aryavarta Classes — EdTech Learning Platform — *React.js, Vite, Node.js, Express.js, SQLite, JWT*

[Live Site](#) | [GitHub](#)

- Built and deployed a full-stack EdTech platform serving Classes 6–12, live at [aryavartaclasses.in](#), with live classes, study materials, tests, and announcements.
- Designed separate Student, Teacher, and Admin modules with role-based access control and JWT-based authentication.
- Developed a responsive dashboard and protected routes using React.js, Vite, and Tailwind CSS.

Blood Bank Management System — *React.js, Node.js, Express.js, MongoDB, JWT, Recharts*

[Live Demo](#) | [GitHub](#)

- Developed a full-stack MERN application to manage blood donor records, inventory, and requests.
- Implemented secure authentication with JWT and bcrypt, and backend request validation using Joi.
- Built RESTful CRUD APIs and integrated data visualization on the frontend using Recharts.

AI Quiz Game — *React.js, Node.js, Express.js, Tailwind CSS, Framer Motion*

[Live Demo](#) | [GitHub](#)

- Built a full-stack quiz application with a React frontend and a dedicated Express.js backend API.
- Designed a secure server-side architecture that validates answers and manages the leaderboard, preventing answer-key exposure to the client.
- Implemented an animated, glassmorphic UI using Tailwind CSS, Framer Motion, and canvas-confetti.

Spotify Clone — *HTML5, CSS3, JavaScript (ES6+)*

[Live Demo](#) | [GitHub](#)

- Built a responsive music-streaming interface replicating Spotify's UI using vanilla JavaScript, HTML5, and CSS3.
- Implemented modern, fully responsive layouts using Flexbox and CSS Grid.

Personal Portfolio Website — *React.js, Tailwind CSS*

[Live Demo](#) | [GitHub](#)

- Built a fully responsive personal portfolio showcasing projects, skills, and contact information.

ACHIEVEMENTS & CERTIFICATIONS

- Completed a 2-month virtual internship under the Lenovo LEAP NextGen Scholar Program, certified by AICTE, Lenovo, and Skill India.
- Completed a 6-month Web Development Internship, building multiple responsive, production-grade web applications.
- Built and deployed 5 full-stack and frontend web applications, including one live production platform (aryavartaclasses.in).
